Chicago Style (CS)

FORMAT:

CS simply means that you play all three of the below games to determine the winner in a best of 3 games. Whichever player wins the right to go first calls the first game: Ckt, 501, or 301. The loser of that game calls the second game (must be one of the remaining two games). If you have to play the third game, the last remaining game is the one you play.

301 Freeze -O/I,O/O

Each player starts with 301 (4 Scores), Open in/Open Out, Fat Bull. A player can only take out the game if his partners score is lower than the opponents combined scores.

501- D/I, D/O

Each team starts with 501 points (2 Scores), Double in/ Double out, Split Bull.

Cricket

2 Scores, The objective of ckt is to close 20-15 and Bulls and have equal or lesser points than your opponents. (No specific order.)
